

Damien Faucillon

Situation: 28 years old, single.

Nationality: French.

Address: 33 rue Clément Michut,
69 100 Villeurbanne
FRANCE

Phone: 0033/4 78 85 51 24

E-mail address:

d.faucillon@gmail.com

Qualifications:

2000-2003: Studied in the **Telecom department of ENSIMAG-ENSERG**. Graduated in 2003.

Summer 2000: Admitted at *Concours Commun Polytechniques*.

1998-2000: A two-year university level course for entry examination to French national engineering schools.

June 1998: Scientific secondary school diploma with honours.

May 1998: Participation in *Concours Général* in Maths and in Industrial Technologies.

Computer skills:

Programming languages Ada, C/C++, PL-SQL, HTML, PHP, XML, JAVA, JSP, Shell ...

Working on many OS as **Windows** (9X, NT4, 2000, XP, 2003) and also UNIX (Solaris, AIX, Linux Red Hat).

Good skills in **MS SharePoint technologies**, Lotus Quickplace, Dreamweaver, PVCS, Expresso ...

Creation of an **IRC server**, a **compiler** for Pascal, a **mini-OS**, during programming projects.

Professional experience:

From 2007: **Engineer in Information Technologies** with Renault Trucks, with the Volvo IT section,

I have been working as **MOSS project manager** and **service owner** of **collaboration service portfolio** on study, deployment and migration of SharePoint solutions (WSS, SPS and MOSS).

2006: Engineer in Information Technologies with Renault Trucks, I have been working on conception, deployment and management of **SharePoint collaborative work services**, as **service manager**. This gives me product and service management knowledge.

2004 and 2005: Engineer in Information Technologies with Renault Trucks, I have been working on conception, deployment and management of collaborative work products and intranets, as **product responsible**.

Autumn 2003: **Engineer developer** with Cap Gemini, I had been working on the **database migration** of a network supervision system, for a French telecom operator (17 weeks).

Summer 2003: **Engineer integrator** with Cap Gemini, I had been working on an *Ethernet at home* network supervision system, and I was **responsible of the realisation** and the integration of a customer care system, using java and jsp technologies, for a Swiss telecom operator (12 weeks).

Spring 2003: Internship (17 Weeks) as **developer and integrator** with Cap Gemini, on the implementation of a module of the *Operation Support System* of a French telecom operator.

Summer 2002: Internship (11 Weeks) as **CIU** (*Correspondant Informatique Utilisateur*) with Dassault-Aviation.

Summer 2001: Internship (8 Weeks) as **integrator** with Wcom.

1999 and 2000: Polyvalent worker in the *Jacquot* Company during 5 and 4 weeks.

1998 and 2000: Gave mathematics and physics lessons at secondary school level.

Hobbies and interests:

Languages: Good working knowledge of **English** with daily practice and basic grounding in **German**.

Sports, especially team sports: Volley-ball player and trainer (4 years) and Football player (10 years).

Driving-licence (for cars) in 1998. Interested in **automobiles** and in music (guitar player).

Commitment to school life: Member of the *K'fet*, member of the computer organization in *Forum de l'odyssée*, member of the organisation of the *Séminaire des carrières ENSIMAG/Télécom*, elected member of the *Commission Consultative d'Enseignements*, and other activities.
